# FOS Splitter 8

# PRODUCT DESCRIPTION

**FOS Splitter 8** is an 8 channel isolated DMX splitter, fully compliant to DMX512, with 100% electrical isolation between inputs and outputs, signal and power indicators, line termination resistor switch, 3pin XLR input / through.

## Technical Specifications

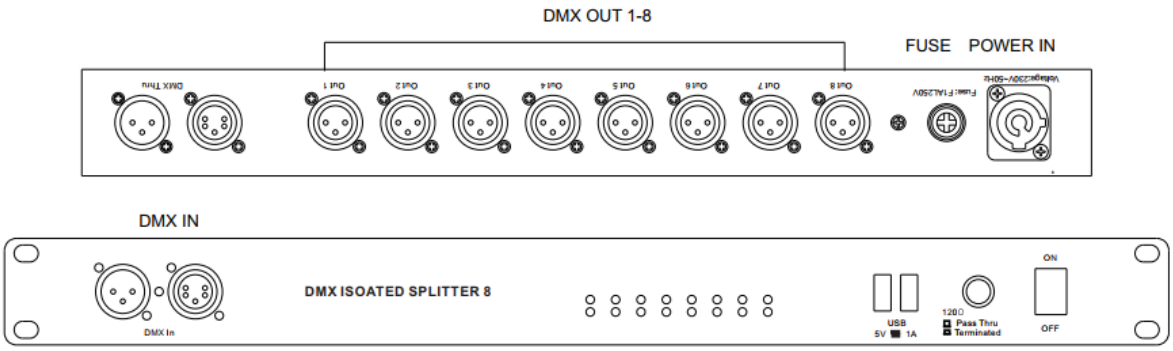

**Power Supply:** 230VAC, 50 / 60 Hz.

**Fuse:** F1A

**Dimensions:** 482 x 135 x 44 mm

## Product Overview

***Front View***:

# Main Features

- DMX signal amplifier & distributor.
- 1 input / 8 outputs & DMX thru.
- Electronic isolation between inputs and outputs.
- Line termination resistor switch.

- Signal Input & output with 3pin XLR.
- Power & Signal indicators
- 2x USB Outputs, 5 Volt, 1 Ampere, which are used for smartphone charging.

# Connection Diagram

Use only cable for DMX512 signal and not audio cables. There are many differences between the two types. Audio cables, can cause periodical problems on the installation.

Do not exceed the 32 fixtures per line and always use a termination resistor at the last fixture on the line.
